Based on the 2000 Virginia Uniform Statewide Building Code

CONTENTS

Timber Retaining Wall.....	2
Reinforced Masonry Retaining Wall	4
Reinforced Concrete Retaining Wall.....	7
Typical Details	8

The use of this package in lieu of submitted drawings applies to timber, reinforced masonry and reinforced concrete retaining walls with heights no greater than 5'-0", level backfill, no surcharge loading, and residential use only. The use of the *Fairfax County Typical Retaining Wall Details* for a tiered or stacked retaining wall system is strictly prohibited. Retaining walls must be constructed in strict conformance with the details contained herein. A copy of these retaining wall details is required to be on the job site and available to the inspector during the construction and inspection process.
